

Urban Stream Planting Event!

As Eagle Point has grown over the years, the Buchanan Drainage has become channelized and more prone to flooding. The City of Eagle Point has recently restored a portion of the Buchanan Drainage to protect wetlands and help with flood control. The recently restored area also helps to maintain natural beauty and wildlife habitat--in our own backyard.

Come help us plant a *Riparian Showcase* in our community and watershed!

Date: Saturday December 10th

Time: 9:00 - noon

Location: A section of Buchanan Drainage along Diane Way in Eagle Point (Greenhills Estates)

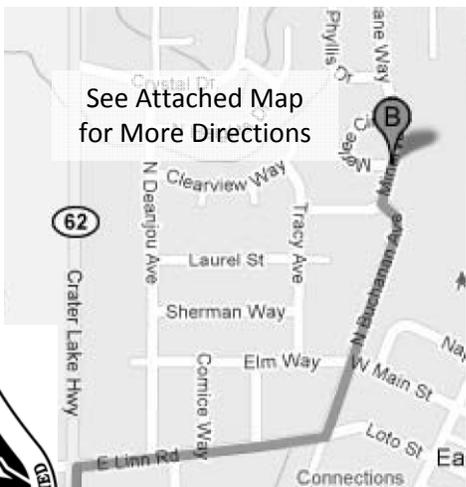

We will Provide: Lunch and morning coffee!

You Bring:

Gloves, boots, warm clothing, shovel if you have one.

Contacts: Robert Coffan 541-227-9024

Tim Weaver 541-646-1684
