If the inspector finds that the project complies with all standards and conditions above and with the pre-approved plans submitted with the application, the City shall provide funding for up to 50% of the total cost of the project, not to exceed \$5,000. For example, a grant could be used to pay \$5,000 of a project costing \$10,000 or more.

If a contractor was used, a written invoice must be provided to the City before funds will be granted. If a contractor was not used, receipts must be provided to the City before a reimbursement will be issued. Only materials may be reimbursed for projects that do not use a contractor. Receipts and invoices must be accompanied by proof of payment (i.e. cancelled checks). Funds will be dispersed within 30 days from the date invoice received.
