Cart Placement

To make the collection process easier and safer, we appreciate your cooperation to place carts as below.

- Place cart at the street the night before collection
- Place you cart 4 to 5 feet away from other carts, poles, mailboxes and 10 feet from vehicles if possible
- Place handles toward the house so the cart opens toward the street
- Keep carts out of bike lanes if possible

Curbside Yard Debris Collection Made Easy

Southern Oregon Sanitation offers curbside yard debris collection for a convenient way to keep your yard looking beautiful! This service is not only convenient but beneficial for the environment. Yard waste such as leaves and grass can clog storm drains and harm water quality. Burning creates pollutants and increases fire and safety risks. The organic materials collected at curbside is recycled to make great compost and bedding material for gardens and landscaping projects. For service information in your area, please visit our website at **www.sosanitation.com**.
