**Check Irrigation....**

As the weather warms up it's a good opportunity to check your sprinkler system for leaks or breaks. If you have an automatic system, check each zone and watch the sprinkler patterns through a full cycle to ensure its operating properly. The faucets and hoses all around your house, including automatic systems for ponds, pools, spas should also be checked for breaks. Understanding your water system is an integral part of conserving the water we have as a resource.

The City of Eagle Point invites you to a.....  
**Old Fire Station Property**  
**COMMUNITY**

**You are invited!**

The City is holding a planning and design workshop about the Old Fire Station property located downtown between Main Street and Loto Street.

**What is this about?**

The City is looking to engage the community to help generate ideas for creating a viable development option that could be built and operated by a private interest and/or the City as future opportunity arises.

**What is your vision?**

We want to know what you think! Help us create a plan for future use of this City-owned property that addresses appropriate land uses, neighborhood compatibility, access, parking, and viability in the current real estate market.
