Firework Safety

Independence Day is just around the corner with warm weather, barbecues, and family get-togethers. This is the time when families bring their own fireworks to your house for celebration and good fun. So as you gather outside to light off some fireworks, let's do so safely with some reminders about the City Ordinance regarding fireworks, and what are legal or illegal fireworks. We would like everyone to have a good time on July 4th, but if you possess illegal fireworks you could be cited. We are predicting a very dry summer and the possibility of fire is very high this year, so the police department is taking a "zero tolerance" approach in enforcing the illegal fireworks Ordinance. If you light off illegal fireworks at your relative's house, you could subject them to a fine as the "Person in Charge" of the residence. Illegal fireworks can be very dangerous; in fact, over 8,000 people are injured each year by fireworks, so we want to encourage everyone to use fireworks legally and safely. Please see our website for information about legal fireworks and tips on firework safety.

***Eagle Point's 5th Annual Street Dance***
Saturday, August 15th 6:30 – 9:30pm

Come on down to Main Street in Eagle Point's Town Center on Saturday evening, August 15th to hear live music by local band Diamonds & Denim, dance among the hay bales in the street, relax with friends at Bob Moore Park, and have a picnic dinner served up by local food vendors. The street will be blocked off to make this a safe, pedestrian-only event.

In previous years we've had a mobile smoker serving up great barbeque. Over 100 people attended last year, spending a warm summer evening outdoors with friends and family, eating good food, and enjoying the music. Come out this year and help make it another memorable event.

Weed Abatement

We appreciate the work everyone is doing as we all need to do our part to keep growth down, reduce the fire danger and keep our City beautiful. The City's ordinance for weeds and excessive vegetation requires all property owners within the City limits with property less than one acre to maintain their grass and vegetation height less than 10 inches. Shrubs, trees, flowers, vegetable gardens are excluded from the requirements. If your property is within the City limits and greater than one acre, a 15-foot fire break (30 feet from any structure, including a fence) is required.

Fire season is in effect. All vegetation ten inches or more in height should have been removed by June 15, 2015. Any properties that have not complied with the ordinance by July 1 may be subject to a fine up to \$500, plus the cost to clean up the property.

Please contact Code Enforcement at 541-826-4212 ext. 123.
